## **HSA Bank Launches Enhanced Website**

WATERBURY, Conn., July 21, 2006 - HSA Bank™, a division of Webster Bank, N.A., a subsidiary of Webster Financial Corporation (NYSE: WBS), announced that it launched an enhanced version of its website, [www.hsabank.com](http://www.hsabank.com). The website expands on HSA Bank's dedication to customer service, featuring improved site navigation, additional education and decision tools, and updated login areas for agents and employers.

“These website enhancements make a resourceful tool even more valuable to prospective and current accountholders, relationships and agents,” said Nat Brinn, chief executive officer of HSA Bank. “The website is more user-friendly than ever before, and provides additional customization capabilities to our business relationships and employers.”

The website provides more intuitive navigation, including quick access links to commonly used features. HSA Bank developed new educational and decision making tools, including the *Is an HSA right for me?* tool. This new tool calculates the potential savings associated with selecting an HSA plan versus a non-HSA plan, based upon the information entered for the two plans. The website is now also equipped to provide RSS feeds, which allow visitors to sign up for real-time news feeds from HSA Bank that supply up-to-date information about HSAs.

The updated agent and employer areas are secure sites that provide information and resources to assist in HSA implementation. Agents have access to unprecedented tracking and reporting capabilities. The website also allows employers to manage their HSA program online, including enrollment and contribution functions.

HSA Bank serves customers in every state in the nation and is one of the first financial institutions nationwide to offer health savings accounts. HSA Bank combines convenience, service and savings with low account maintenance fees, high interest rates for investments, 24-hour account access online or
