HSA Bank and Devenir Team Up to Provide Enhanced Online Customer Experience

SHEBOYGAN, Wis., September 11, 2013 – [HSA Bank](http://www.hsabank.com) has joined with long-standing investment service partner [Devenir](http://www.devenir.com) to create an enhanced online investment experience for customers who choose to invest their health savings account (HSA) funds.

Customers of HSA Bank now have total access to their Devenir investment account directly from their secure online banking login through www.hsabank.com. There, they can obtain information on account positions, balances, transactions and asset allocations. Or, with a single click, access their Devenir account for trading, account rebalancing and online statements.

“HSA Bank offers the most comprehensive investment offerings in the industry with no minimum HSA cash balance required to invest in self-directed investment options,” said Itamar Romanini, SVP, director of business development for HSA Bank. “Ultimately, these enhancements are making it easier for our customers to manage their health savings whether for near term health-related expenses or long-term savings goals.”

“The newly enhanced single sign-on investment capability allows for easier access to Devenir mutual fund investments and provides a seamless, online experience for our mutual customers,” said Lori Hansen, SVP of Devenir Corporate Services.

Devenir online account enhancement is one of several made by HSA Bank this year to improve customers’ online investment and banking experiences. Through Devenir and other investment platform providers, HSA Bank customers have access to thousands of investment options to suit every investor’s needs.

###
